The typical character "MIO - Tokyo" represents the trends from the metropolis of Tokyo.

Buckle up and hit the ground running is the thing to do in the fast-paced and probably most spectacular city in the world. As evening falls, neon lights bounce colourfully off the hard tarmac and skyscrapers reach for the stars, creating a futuristic vision.

"MIO - Tokyo" epitomises the ultimate youthfulness of Tokyo style; in the parallel world of influencers, it has an online presence, 24/7. At the same time, "MIO - Tokyo" is well aware of Japanese traditions and values. Walls are as decorative as they are symbolic.

“MIO - Tokyo” represents the trends from the metropolis of Tokyo. Walls are as decorative as they are symbolic. This is where koi, a symbol of good luck, come to life, appearing like a smile, we see the delicate pastel shades of cherry blossom in all its splendour or the bird sitting amidst Japanese witch hazel. Living between two worlds.
